SKILLS & EMPLOYMENT HUB

New Zealand Government

Find Skilled People For Your Workforce Needs

Matching
skills with
jobs in
Canterbury

Attention Canterbury employers

If you're based in Canterbury and need labour for the Canterbury rebuild or to help grow your business, the Canterbury Skills and Employment Hub is here to help.

EMPLOYERS REGISTER ▶

What is the Hub?

The Hub is a free job-matching service where you, as an employer, can register your vacancies for workers on our website and we match those against our database of jobseekers to find the best fit for your needs. It is aimed at ensuring you can easily get the staff you need so there are no roadblocks to the rebuild and wider recovery.

Job seekers who register with the Hub are free to put themselves forward for vacancies that you lodge with the Hub's website.

Our team of dedicated Skills Brokers will work with you to identify sources of skills and labour. They can also help you assess your skills and labour needs, offer ideas and labour market information, advise on planning your future workforce needs and connect you with support organisations, such as ITOs and tertiary training providers.

SKILLS & EMPLOYMENT HUB

New Zealand Government

Find Skilled People
For Your Workforce Needs

Why was the Hub Set Up?

The Hub was set up in recognition of the demand for skill and labour that will occur as a result of the rebuild and associated economic growth in Canterbury. It recognises the need for a fast response for employers seeking workers both locally, and where there is a need to recruit migrants.

The Canterbury Skills & Employment Hub is a joint initiative between the Ministry of Business, Innovation and Employment, Canterbury Earthquake Recovery Authority (CERA), Ministry

of Social Development, and Tertiary Education Commission.

How does the Hub work?

When employers register their vacancies at opportunitycanterbury.org.nz we match them against our database of jobseekers to find candidates suited to their current needs. We can also help advise employers on planning for their future needs.

Our priority is to match Canterbury employers with skills and labour in Canterbury and then New Zealand. The Hub may refer employers to people fresh out of training or about to graduate, jobseekers registered with Work and Income or others looking to work in Canterbury.

Where there are no suitable New Zealanders available, then the Hub will be able to help fast-track the immigration process for overseas workers, saving employers time and effort.

What You Need to Do

Employers should:

- ✓ Register on the Hub website
- ✓ List your vacant jobs on the site
- ✓ Receive job seeker applications and referrals

Skill Brokers will note the uploads and make contact to assist where required.
